

Delegation: Iraq

Question of: write topic here

The Economic and Social Committee,

Why we care:

1. Iraq has the largest number of refugees of any country on Earth
2. All people should be able to live in a place where they are safe and happy

What should we do?

1. All countries should become signatories to the 1951 Convention
2. Refugees should not be forced to return to their home country if their security there cannot be guaranteed
3. ECOSOC will remain seized of this matter, which is expected to take years to resolve.
